

# 164 Series

## Square Recessed Baffle For 8", 12", and 15" Loudspeakers

164-8A

### Applications

Employ this multi-purpose square baffle, 169-8, for a variety of recessed ceiling and wall-mount installations. 169-8 has an attractive, clean design ideal for most building interiors.

### General Description

The 164 Series includes attractive beveled edge baffles featuring a square loudspeaker cutout. Units are finished in textured white epoxy with a black loudspeaker subplate. Available in standard screw-mount version for 8", 12", or 15" loudspeakers. Black baffle version also available for 8" and 12" models (-052).
