

# ON-Q

## Unmanaged Enclosure Switches

The new line of On-Q Unmanaged Network Switches includes the DA8000WH, DA8400WH, and DA8800WH (Coming Q4 2025)—each designed for seamless integration into On-Q plastic and metal enclosures. The DA8000WH offers 8 Gigabit Ethernet ports for high-speed connectivity, while the DA8400WH adds 4 PoE+ ports to power devices like IP cameras and VoIP phones. Rounding out the lineup, the DA8800WH will deliver 8 full PoE+ ports, making it ideal for power-hungry smart home and networking setups.

Compatible with all On-Q Enclosures

MODEL	SWITCH TYPE
DA8000WH	8 Gigabit Ports
DA8400WH	4 Gigabit Ports, 4 PoE+ Ports
DA8800WH <small>COMING Q4 2025</small>	8 PoE+ Ports

Each switch includes power adapter.

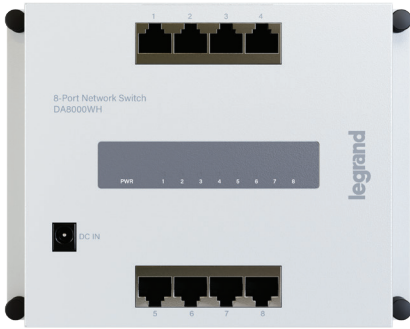

Front-facing LED lights. Easy monitoring and quick access to power / status indicators.

Plug and play installation. Seamless attachment to ON-Q Enclosures.
